

Competitor Map

A very warm welcome to the event, now being held in Pöytyä for the fourth time. Let's make this season finale a memorable one!

Important Phone Numbers

- Race office: +358 46 631 5221
- Director: Kalle Salminen +358 50 462 4793

Event Schedule

Friday 16.10.

17.00 - 21.00	Registration and scrutineering

Saturday 17.10.

5.45 - 6.15	Registration / scrutineering, if required
6.30	Drivers' briefing
7.00	Start (vehicles transported by trailer leave first)
12.00 - 16.00	Spectator Area open
20.00	Finish + 1 hour late allowance (-5 points/min)
20.00 - 22.00	CUP season finale dinner
22.00	Results published + 30-minute protest period
22.30	Prize-giving + winch raffle among those present + closing **party!**

Event Procedure:

- Registration takes place inside the hall at Competition HQ.
- After registration, proceed to scrutineering behind the hall.
- All vehicles must arrive at scrutineering on their own wheels.
- After passing scrutineering, checkpoint lists can be collected from Competition HQ on a USB drive, via a web link and on paper upon presentation of the approved scrutineering card.
- The drivers' briefing will be held inside the hall.
- The start takes place from the parc fermé areas in the yard of the hall. Vehicles that will initially be transported by trailer may be loaded onto their trailers in advance.
- Competitors using trailers will start first.
- The finish is at Competition HQ. Hand in your competition card and the memory card / USB drive containing your checkpoint photos.
- Arriving late at the finish results in a penalty of 5 points per minute. Arriving more than one hour late results in disqualification.
- A winch will be raffled among competitors present at the prize-giving.

Driving in the Competition Areas

- Travel between competition areas only via the marked roads / routes.
- Maximum speed within checkpoint areas during the competition is 30 km/h.
- On other paved roads, the maximum permitted speed is 80 km/h; on gravel roads it is 50 km/h. Exceeding the speed limit by more than 15 km/h results in disqualification.
- Highway 9 leading to Competition Area 4 is extremely busy. Take particular care.
- Exercise special caution when driving in forests or on roads where spectators are present. Set a good example to spectators through your own behaviour.
- Any detached checkpoint marker or barrier tape must be reported immediately to Competition HQ.
- Trees must not be damaged, with the exception of willow scrub and small branches located directly on the driving track.
- Any tree destroyed intentionally or through negligence will result in a penalty of 10 points per metre and a charge of €10 per metre.

General information

- Finish time will be recorded at Competition HQ.
- Welding and other hot work are permitted only in locations specifically approved by the organiser.
- Competitors have a duty to assist in an emergency.
- If spectators are within the danger zone during winching or another hazardous situation, politely ask them to move further away. During winching, consider the full length of the winch cable as the

danger zone.
- Competitors are responsible for compensating for any damage they cause.
- Fires, personal injuries, environmental damage and any other damage must be reported immediately to Competition HQ. This also applies to fluid leaks.
- Keep the forest clean: take all rubbish with you.
- When refuelling, ensure that no fuel is spilled onto the ground.
- There are two designated repair locations, marked on the maps: Area 1 - Ortenoja and the Competition Centre. Call the Competition Director, who will arrange access to these facilities.

Food and Washing Facilities

- A buffet is available at the Competition Centre. Sandwiches, sausages, coffee, juice, etc. are available.
- On Friday and Saturday evenings, the sauna at the Competition Centre will be heated and available in the sauna facilities across the road.

Competition areas:

1 - Ortenoja (West + East)

- In the eastern part of the area, driving is unrestricted provided that trees and vegetation are not damaged. In the western part, stay on the existing tracks.
- Do not damage the anthills underneath the power line.
- Entry to and exit from the area is permitted only at the point marked on the map, via the eastern section behind the house.
- Trailers and other vehicles must be parked in the farmyard area and around the hall, but not in the residential yard of the house. If the area around the hall is full, park along the road.
- Keep the immediate surroundings of the house free of competitors, except for the designated access route north of the house.

2 - Wärri

- Trailer parking is located in the gravel pit. If it is full, park along the gravel-pit access road.
- In the forest, stay on the existing tracks.
- There are three clear-cut areas that the route passes through. Each clear-cut has a designated driving track where no seedlings have been planted. Do not leave these tracks.
- Driving is unrestricted on exposed bedrock.
- Do not drive onto the gravel piles!
- Do not drive along the roads inside the competition area. These roads may only be crossed at the locations marked on the map..

3 - Spectator area 12-16

- Enter the area only via the designated point in the north-west corner and leave through the same point. Do not drive through areas occupied by spectators.
- Driving within the area is unrestricted.
- If checkpoints are still in place after 16:00, they may still be visited.
- A buffet is available in the area.

4 - Haapaniemi

- Stay on the existing tracks.
- When driving on the field, use the same tracks wherever possible and pay attention to the marked boundaries of the competition area. Do not take shortcuts across the middle of the field.
- Enter and leave the field only via the ditch on the quarry side.
- Trailer parking is on the flat area inside the pit.
- There is a prohibited area in the middle of the competition area. This is a protected bog — do not enter it!
