

STONEHILL 25 feat Tuhkanen

13.9.2025
COMPETITORMAP

Welcome to Off-road Kainuu ry's Stonehill 2025 feat Tuhkanen Off-road Orienteering Competition

Phone numbers

Race office: 046-631 5221

Competition director: 040-6849080 / Sampo Pikkarainen

Emergency number: 112

The competition is run under the rules of the Off-road Orienteering CUP. Competition time is 14 hours. A delay of more than one hour in reaching the finish results in disqualification. For each minute late to the finish, there is a penalty of 2 points per started minute. ATVs follow the rule of 1 ATV per checkpoint.

Competition center

Located: Haapala Brewery Restaurant yard
Address: Haapalantie 3
88610 Vuokatti

Schedule

Friday 12.9

17:00-22.00 Registration and scrutineering

Saturday 13.9

6:00 Registration and scrutineering (notify in advance organizers)
6.30 Driver's briefing
7:00 Start
11:00-16:00 Spectator area open
21:00 Finish + 1h grace period 2p/min penalty

Sunday 14.9

8:30 preliminary results & 30 min protest period
9:00 Protest handling
9:15 Prize ceremony and raffle among those present

Scrutineering

Scrutineering takes place in the yard area. Against an approved scrutineering card, competitors will receive the checkpoint lists / download link from the competition office.

OFFROADTARVIKE.fi

WWW.TUHKANEN.FI

The competition office also lends USB sticks containing the checkpoint data.

Parc Fermé and Trailer Parking

The trailer parking is located in the field parking area, as is the Parc Fermé. After scrutineering, competition vehicles must be moved to the Parc Fermé. Competitors starting race with trailers may unload their vehicles and leave the trailer in the Parc Fermé.

Competition time

The competition starts on Saturday at 07:00 and ends at 21:00.

Start

After scrutineering, competition vehicles are driven into the Parc Fermé in neat rows according to arrival order, with self-moving vehicles placed closest to the start gate. The start will be a mass start at 07:00. During the competition speed limit on paved roads: 80 km/h. Speed limit on all gravel roads: 50 km/h. If the road-specific limit is lower, that must be followed. Driving slower is allowed, of course. Exceeding the limit by more than 15 km/h results in immediate disqualification. Competition vehicles may also start while tied down on trailers.

Conduct in the Driving Areas

Drive along existing tracks whenever possible - use common sense. Some checkpoints have no ready-made tracks leading to them, but there is always a gap that a 4x4 or ATV can pass through.

Be careful with the trees. Do not go soloing into the forest - stick to the tracks, or this game will end quickly for

Tipaskone Oy

all of us. Accidents can happen, but any damage to trees must be reported immediately to the competition office. **ESPECIALLY DO NOT CRUSH YOUNG SAPLINGS!**

And remember: **the closest tree is not always the best tree for winching. Use your judgment.**

Winching and Tree Damage

Tree-protection straps are mandatory. Winching must always be done from the base of the tree, never from higher up. Do not attach the winch hook or shackle so that it presses directly into the tree ("choking" the tree). Whenever possible, use trees that have already been winched from. Deliberate tree felling will be penalized: €20 per meter + 50 penalty points per meter. Report any tree felling immediately to the Competition Director so penalties can be settled. If you see another team felling or damaging trees, take a photo and call the competition center (you will not be reported). Be very careful not to damage trees.

And remember: **the closest tree is not always the best tree for winching. Use your judgment.**

Permitted Roads and Property Boundaries

Some planned driving routes follow property boundaries, so make sure you stay on the correct side of the line. Especially if your GPS devices show property borders, always remain on the same side of the boundary as the checkpoints.

Supervision

During the competition, event officials will be present in the terrain to ensure rules are followed. Landowners and their representatives will also be on the driving areas. You must follow the instructions of both officials and landowners. If you are uncertain whether someone is truly a landowner, you may call the Competition Director to verify.

Finish

The finish is at the competition office, where your finish time will be marked on the competition card. Photos must be returned within 30min after that for inspection on a memory card or USB stick in JPG format – not directly from a phone or in formats such as HEIC.

Lokapalvelu Kähkönen Oy

Service

Servicing may be carried out anywhere, provided it is safe for the environment. All traces must be properly cleaned. Oily soil must be bagged and brought to the competition center. A repair shop and welding station are available in Area 1, at Lontantie 11. Contact Jouni: +358 400 280 687

Refueling

Refueling is allowed anywhere, provided no risk to the environment is caused. If fuel spills onto the ground, it must be cleaned up and the contaminated soil bagged.

Welding etc.

Any welding or grinding in the terrain requires permission from the Competition Director. Better facilities for hot work are available at Lontantie 11, with all necessary tools provided. Contact Jouni: +358 400 280 687

Info about Drivin areas

1. Välikoski + Spectator area: Räätäkyläntie 3

This area includes a separate spectator zone (marked on the map with a blue outline). Checkpoints there are open 11:00-16:00. If a checkpoint remains in place after 16:00, it may still be collected. Spectator checkpoints are marked in the terrain with a blue background.

There is plenty of parking space. Trailers and service vehicles must be parked in the field at the entrance of the area. Campfire site available.

Spectator checkpoints are worth high points – make sure to get them. A kiosk is located in the area; by purchasing from the kiosk you support the organizers. Both card and cash are accepted.

2. Haasiavaara: Tipasojaantie 180

Trailer parking is in the quarry at the north end of the area. Campfire site at the turning point on the south side of the area.

3. Louhivaara: Pohjois-Tipaksentie 21

Trailer parking on the east side of Pohjois-Tipaksentie, from where access continues to the forest road by controlpoint 100. Road-legal vehicles may also enter the area from the north, past the radio tower.

Drive along existing tracks.
