

2025 PäHäma Trophy

by Hahkialan Uiskola

Participant info

A warm welcome to the last CUP orienteering competition of 2025 at Uiskola in Hauho.

Let's hope the weather is on our side so we can have full-on fun. Thanks to the rainy autumn, the terrain is nicely on the damp side.

Also this year, the driving areas are relatively close to the event center, and to reach some areas you will drive through yards, so remember to drive calmly and be considerate of others.

The event is Hahkiala's Uiskola, Viittakiventie 75, whose facilities will surely warm your heart.

Important phone numbers:

- Office +358 46 631 5221
- Race director Katri Tervala + 358 40 771 3153
- Course Hannu Kuivaniemi + 358 40 578 8023

Schedule:

Friday 24.10:

17:00-21:00 Registration and scrutineerings

Saturday 25.10:

05:30-06:00 Registration and scrutineering (if needed)

05:30-07:00 Breakfast for those who pre-booked and for overnight guests at Uiskola

06:30 Drivers' briefing in Uiskola's lower yard

07:00 Start small class, ATVs and Safari

07:30 Start big class and Open

11:00-16:00 Spectator area open

20:00 Finish small class, ATVs and Safari

20:30 Finish big class and Open

Plus a 1-hour grace period for all (penalty -5 points per minute)

20:00-23:00 Cup finale dinner at Uiskola (2-person included)

22:30 Results publication and protest time

23:00 Prize-giving ceremony

19:00-24:00 Sauna (15€ incl. towels and washing supplies)

Event procedure:

- Register at the race office, upstairs via Uiskola's main entrance. Follow the signs to scrutineering and park trailers in the designated area (if you are moving by trailer, inform the traffic marshals). After scrutineering, vehicles go to Parc Fermé.
- Scrutineering is carried out for all classes on their own vehicles.
- After passing scrutineering, you will receive the checkpoint lists from the race office on a USB stick, on paper and as a web link, against the approved scrutineering card.
- The drivers' briefing is outdoors in Uiskola's gravel parking area.
- The start is from the Parc Fermé area. Those transferring by trailer should pack their vehicles ready immediately after scrutineering and move them to the parking indicated by the traffic marshals.
- Teams leaving by trailer wait until those transferring by driving have departed.
- The finish is at Uiskola's door, where you hand in the time card and the memory card containing the checkpoint photos.
- Late arrival at finish is penalized 5 points per minute. More than 1 hour late equals disqualification.

Conduct in the driving areas:

- Move from one area to another only along marked roads.
- Do not use any other private roads under any circumstances.
- During the race, the speed limit is 30 km/h in checkpoint areas. Note: in the spectator area, crawling speed only.
- On other paved public roads the maximum speed is 80 km/h; on gravel roads 50 km/h. Exceeding the limit by more than 15 km/h leads to disqualification.
- Exercise special caution when moving in forest or on roads where there are spectators. Set a good example to the public with your behavior.
- Report any detached checkpoint or broken flagging tape to the race office immediately.
- Do not damage trees, except for willow scrub and twigs lying on the track.

- A tree felled intentionally or through negligence results in 20 penalty points and a charge of 20€ per meter.
- Driving area 1 – Porsoo. Pay particular attention to safe road crossings. Also keep a close eye that you are on a permitted road. In Porsoo there is a few-hundred-meter stretch of sandy road from the trailer parks to the area itself. You can use either trailer park, and you may exit via the other trailer park than the one you arrived through.
- Driving area 2 – Shooting range. Note the narrow road. Drive calmly and yield when necessary.
- Driving area 3 – Kenkivuori. The area includes a spectator zone and checkpoints that are open continuously. Leave trailers at the timber yard along Hauhontie, not inside the area. From the spectator area a checkpoint may also be taken after 16:00 if it is still in place.
- In some locations there is camera surveillance focused on “tempting spots to enter the forest” that are not permitted. If footage shows a team using such a route, a 300-point penalty will be applied.
- Remember that tree damage will be addressed strictly. It is normal if a vehicle accidentally slides or rolls into a tree at a checkpoint, but it is not acceptable to force a vehicle against trees or pivot a vehicle against a tree. In particular, damage or collisions during transfers between checkpoints or in places with ample room will not be tolerated.

General:

- Finish time is recorded at the race office.
- Welding and hot work are permitted only in places specifically approved by the organizer.

 **SÄHKÖURAKOINTI
T.SIITONEN OY**

A couple of things to remember.

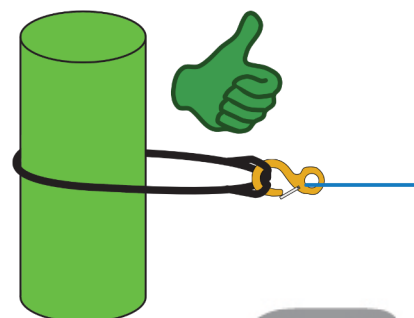

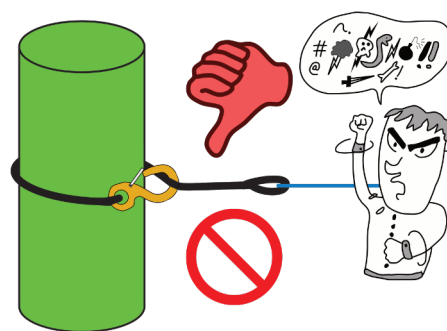

- NOTE: Touching a hinge-mounted license plate is NOT an accepted checkpoint photo.
- Photos must be delivered to the race office on a memory card or USB flash drive. We will not extract photos directly from phones, and the memory card must contain only the competition photos.
- When winching, do not use the choke/choker style on trees where the hook presses against the trunk.

Call the race director, who will determine the most sensible repair location.

- Call the race director if a service vehicle needs to access prohibited roads.
- Competitors may assist each other.
- There is a duty to assist in emergencies.
- Kindly ask spectators to move farther away if they are within a danger zone during winching or other such situations (cable length).
- A competitor is liable for any damage they cause.
- Report any fires, personal, environmental or other damages to the race office immediately, including fluid leaks.
- Keep the forest clean; take your trash with you.
- When refueling, ensure that no fuel runs onto the ground.

Food, washing, fuel:

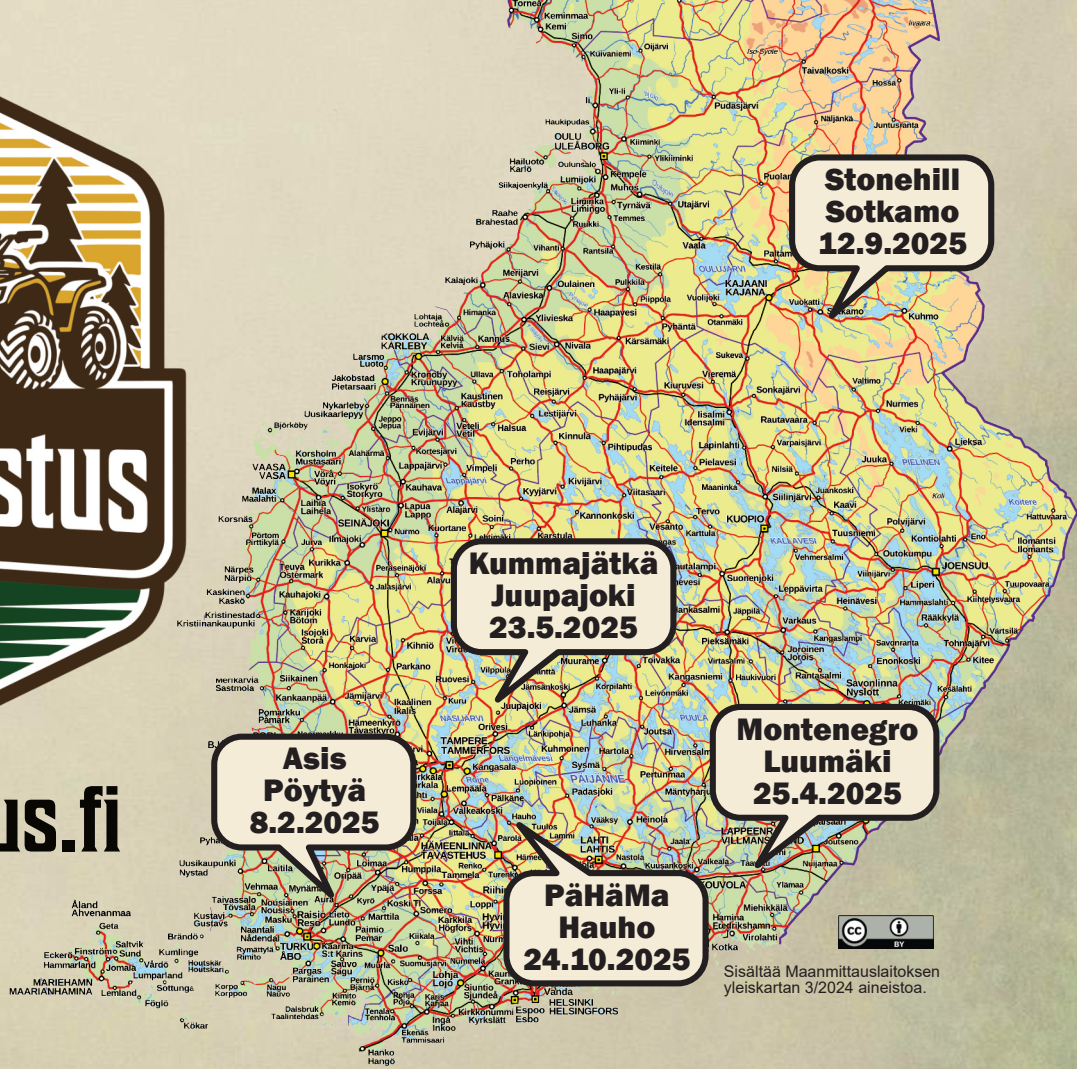

- On Friday the buffet operates at the event center with a limited selection, and on Saturday 11:00–16:00 at the spectator area offering sausage, hash, coffee, soft drinks, candy, etc.
- A grocery store is located in Hauho center; larger supermarkets are in Hämeenlinna.
- Fuel is available in Hauho center at an unmanned station. In Tuulonen there are Neste and ABC stations.
- Repair shop: Porsoontie 303 lower garage and on Ajourannantie next to the trailer park.
- The nearest parts stores are in Hämeenlinna; for generic B-parts, ask the race director, who knows what cars the locals have.
- Sauna: 15€ (includes towel, washing supplies and seat cover) Uiskola, Viittakiventie 75, Hauho.

Alue 3 - Kenkivuori

Hauhontie 425 Hämeenlinna

Instructions for the area:

- Drive along existing tracks.
- There is a nature reserve on the northern boundary. Stay well within the permitted driving area.
- Spectator area (outlined in yellow) open 11:00–16:00.
- In the spectator area: buffet, textile sales and toilets.
- Trailer parking only at the timber yard at the beginning of the area, not in the spectator area. Let's keep that for the public so they have room to park.
